IMPORTANT INFORMATION

This Policy

This Policy is an important document and should be kept in a safe place. Please read it carefully so that you understand the insurance provided.

Your duty of disclosure

Before you enter into an insurance contract, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you renew, extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If you do not tell us something

If you do not tell us anything you are required to, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

Average/Underinsurance

The additional insured items for Existing Structure and for items of Equipment and Hoists, Cranes and Mobile Construction Plant are subject to average / underinsurance. The Named Insured must insure for Existing Structure the full replacement value and for items of Equipment and Hoists, Cranes and Mobile Construction Plant the current market value and if the Named Insured does not the Insurer will only pay the proportion of the claim that the Sum Insured bears to that market value.

Preventing Our Right of Recovery

If the Insured has agreed not to seek compensation from another person who is liable to compensate them for any loss, damage or liability which is covered by Section Two of this Policy, the Insurer will not provide cover under Section Two of this Policy for that loss, damage or liability.

GST

The Premium includes an amount for GST.

The Insurer's liability to indemnify the Insured under this Policy is calculated less any Input Tax Credit to which the Insured is entitled for any relevant Acquisition, or to which the Insured would have been entitled had it made a relevant Acquisition. The Insured must inform Underwriters of the extent to which it is entitled to an Input Tax Credit for that GST, and any GST liability arising from the Insured's provision of incorrect advice is payable by the Insured.

GST, Input Tax Credit and Acquisition have the meaning given to those words in A New Tax System (Goods and Services Tax) Act 1999.

Several Liability Notice

The liability of an insurer under this contract is several and not joint with other insurers party to this contract. An insurer is liable only for the proportion of liability it has underwritten. An insurer is not jointly liable for the proportion of liability underwritten by any other insurer. Nor is an insurer otherwise responsible for any liability of any other insurer that may underwrite this contract. The proportion of liability under this contract underwritten by an insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown in this contract. In the case of a Lloyd's syndicate, each member of the syndicate (rather than the syndicate itself) is an insurer. Each member has underwritten a proportion of the total shown for the syndicate (that total itself being the total of the proportions underwritten by all the members of the syndicate taken together). The liability of each member of the syndicate is several and not joint with other members. A member is liable only for that member's proportion. A member is not jointly liable for any other member's proportion. Nor is any member otherwise responsible for any liability of any other insurer that may underwrite this contract. The business address of each

member is Lloyd's, One Lime Street, London EC3M 7HA. The identity of each member of a Lloyd's syndicate and their respective proportion may be obtained by writing to Market Services, Lloyd's, at the above address. Although reference is made at various points in this clause to "this contract" in the singular, where the circumstances so require this should be read as a reference to contracts in the plural.

Australian Terrorism Insurance Act

The Insurer has treated this insurance (or part of it) as an insurance to which the Australian Terrorism Insurance Act 2003 (ATIA) applies.

ATIA and the supporting regulations made under the Act deem cover into certain policies and provide that the Terrorism Exclusion to which this Policy is subject shall not apply to any "eligible terrorism loss" as defined in ATIA.

Any coverage established by ATIA is only in respect of any "eligible terrorism loss" resulting from a "terrorist act" which is a "declared terrorist incident" as defined in ATIA. The Terrorism Exclusion to which this Policy is subject applies in full force and effect to any other loss and any act or event that is not a "declared terrorist incident".

All other terms, conditions, insurance coverage and exclusions of this Policy including applicable limits and excesses remain unchanged.

If the Insurer has reinsured this insurance with the Australian Reinsurance Pool Corporation, then any such Insurers will not be liable for any amounts for which they are not responsible under the terms of ATIA due to the application of a "reduction percentage" as defined in ATIA which results in a cap on the Insurer's liability for payment for "eligible terrorism losses".

2.1. Alteration of Risk
The Named Insured must notify the Insurer immediately in writing of any material change in the risk or the nature of the risk insured by this Policy and provide full details in writing. In such event, the Named Insured must at its own expense, take such additional precautions to minimise the risk of any loss, Insured Damage or liability and must comply with any reasonable directions or requirements of the Insurer. The scope of cover and premium will, if necessary, be adjusted by the Insurer accordingly. No material alteration will be made or allowed by the Named Insured whereby the risk is increased unless agreed to in writing by the Insurer.

Material change will include (but not be limited to) alteration in design, materials, construction programme or the method of construction.

If no inspection is carried out by or on behalf of the Insurer within a period of time which is reasonable having regard to the location of the risk, weather conditions and any other relevant factors, the Named Insured may proceed with such repairs or replacement.

The Insurer will not pay for any additional damage to any item or section caused by the failure to repair that item or section properly and without delay.
